TOOLS & TECHNOLOGIES

- **Dev Tools:** Git, GitHub, VS Code, Postman, npm, Vite, Docker, Chrome DevTools, CLI
- **Office Suite:** MS Excel, MS Word, MS PowerPoint, Data Entry & Office Automation
- **Core Competencies:** Problem Solving, Debugging, Logic Building, Requirement Analysis

EXPERIENCE

Valudas Technologies Pvt. Ltd. | Chhapi, Gujarat **Nov. 2025 - Present**

- Web Developer And App Developer
- Worked on full-stack projects using React.js, Express.js, MySQL, and React Native.
- Developed responsive UIs, integrated REST APIs, and created admin dashboards.
- Implemented category filtering, login system, product CRUD, and file upload via Multer.

PROJECTS

Inventory Management System (Desktop App)

Tech Stack: Electron.js, React.js, Node.js, Express.js, MySQL / SQLite.

- Developed a cross-platform desktop application for managing stock, product inventory, and sales records.
- Implemented automated stock tracking, low-stock alerts, invoice creation, and PDF report generation.
- Designed responsive desktop UI with fast search and category filtering.

Card Management System (Role-Based)

Tech Stack: React.js, Node.js, Express.js, MySQL with RESTful APIs & Multer.

- Built a full-stack application with Admin, Agency, and User roles.
- Implemented authentication, agency registration, and login system.
- Developed Card CRUD operations with image upload (Multer).

Tailor Management System (Mobile App) — **Tech Stack:** React Native (Expo), Node.js, Express.js, MySQL, RESTful APIs, JWT, Multer.

- Built a full-stack Tailor Management mobile app with Mobile OTP authentication, Customer, Order, Ledger & Payment Management. **(GitHub Repo: github.com/salehloriya/tailor_g)**

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT) **Jul. 2025 – Mar. 2028**
Gokul Global University - (GGU)
Relevant Coursework: Web Development, Software Engineering, Database Management, Programming

ADDITIONAL INFORMATION

Languages: English (Intermediate / Fluent), Hindi (Fluent), Gujarati (Native)
Highlights: Actively learning MERN stack, Selected for real-world projects during internship.
